

Principal's Update: Monday 17th August 2020

Dear Parents / Guardians,

I hope you and your family are staying safe at this challenging time. Please note the following:

- **Monday 24th August** will be a non-academic remote learning day. You may recall we had a similar day in the first lockdown period. Teachers will set non-academic tasks for the day such as playing games with the family, cooking, and other relaxation based tasks. The focus is on wellbeing and social areas. The teachers will not be on remote learning for the day.
- Onsite supervision continues for permitted workers without other supervision options, and for identified vulnerable students. Thank you to parents who have provided the paperwork for this. For next Monday 24th August, the onsite supervision will be available, as normal.
- Please note the school road crossing points are currently not supervised by the council.

Kind Regards,

Marc de Ley

Principal
